*I'd like to skip my payments for  
the following loans\*:*

*\*All loans must be over 6 month term to be  
eligible. Home Equity Loans, Pay Day  
Loans, and Visas are not eligible for Skip-A-  
Payment.*

Loan #

*I understand that by skipping a payment interest will accrue on all loans affected by the program, which may cause the maturity date on these loans to be extended. For a cost of only \$35.00 per loan, you can skip a loan payment in December. If recent data shows that you have been delinquent on your loan(s) for any reason or you are not in good standing, the Credit Union reserves the right to deny your application for Skip-A-Pay.*

*If you have any form of voluntary insurance in connection with the loan on which you seek to skip a payment you should ensure your election to skip does not affect your coverage (examples include but are not limited to: Credit Life, Credit Disability, GAP). Some companies that provide these insurance or warranty services limit the number of extensions on covered loans, which may include voluntary skip payments. Such products are provided by third party companies and not the Credit Union so you will need to address any questions to those companies and review your policies/contracts.*

***By signing this document, you agree to extend the term of your loan(s) by 1 month.***
